Summary:

Aspiring Software Developer with a strong foundation in Python, Flask, and SQL, combined with experience in front-end design and back-end development. Skilled in creating dynamic, user-friendly web applications and passionate about solving real-world problems through technology. Seeking a challenging role where I can contribute my technical expertise and creative problem-solving skills to impactful projects.

Education:

B.Tech in Computer Science Engineering

11/2020 - 06/2024

- Guru Nanak Institute of Technology, Hyderabad.

Intermediate

06/2018 - 06/2020

- Sri Chaitanya Junior college ,Hyderabad

Tenth Class

04/2017 - 04/2018

- Ravindra Bharathi School,Hyderabad
-

Technical skills:

Programming Languages: Python, SQL, Kotlin

Frameworks & Libraries: Flask, Jinja 2, SQLAlchemy

Web Development: HTML, CSS, Bootstrap

Tools & IDEs: Visual Studio Code, Sublime Text

Database Management: SQL, SQLite,MYSQL

Projects:

1. Portfolio Website

- Built a personal portfolio to showcase technical skills and projects, with a theme inspired by the Harry Potter series.
- Utilised Flask for back-end integration and custom CSS for a magical, interactive user interface.

2. To-Do Application

- Developed a full-stack to-do list app enabling users to register, log in, and manage tasks.
- Implemented CRUD operations using Flask and SQLAlchemy for back-end functionality.
- Designed a responsive front-end using Bootstrap for seamless accessibility across devices.

3. Video-Audio Downloader

- Created a utility application where users can paste video links and download media in video or audio format.

4. Step-Tracking App (Final Year Project)

- Collaborated with a team to design and develop a step-tracking mobile application using Kotlin. Focused on front-end design to create a user-friendly and visually appealing experience for fitness tracking.
-

Internships:

Octanet Services.

07/2024 - 08/2024

- **Python Development Intern** : Learned and applied Python programming basics, focusing on fundamental concepts and syntax. Engaged in problem-solving exercises to enhance logical thinking and coding proficiency. Worked on small-scale projects to solidify understanding of Python and its applications.

PHN Tech.Pvt&Itd

04/2023 - 06/2023

- **Graphic Designing Intern** : During my enriching two-month internship with PHN Technologies, I honed my skills in Designing, specialising in UI/UX and Graphic Design. Notably, I crafted a comprehensive style guide for a Shopping mobile Application as a pivotal component of the internship program, showcasing my dedication to delivering impactful design solutions.
